

SCANNING PRICE LIST - JULY 2023

Basic (auto) dust/scratch removal, contrast/color adjustment and sharpening/focus are included. These prices do not include individual analysis of every photo or advanced restoration processes that are unique to each photo.

| | |
|--|--|
| SLIDES, NEGATIVES, FILM | |
| 35 mm slides or film, 2400 ppi | .50 each scan |
| 35 mm slides or film, 4800 ppi | .60 each scan |
| medium/large format transparencies (up to 8x10) | 2.00 each scan |
| film negatives (up to 8x10) | 2.00 each scan |
| PHOTOGRAPHS, LETTERS and PAPER DOCUMENTS | |
| Photos (up to 8 x 10) | .30 each scan at 300 ppi |
| Letters and other flat paper documents up to 8½ x 11 | add .30/each for 600 ppi |
| BATCH SCANNING | |
| Everything that will fit in a 12 x 17 inch area | \$14.00 for first scan \$10.00 for each additional scan in the same order |
| OVERSIZE FLAT DOCUMENTS and PHOTOS | |
| <i>These are scanned or digitally photographed in sections and pieced together digitally. (a document that took 4 scans or photos would cost \$2.40 for example)</i> | .60 each scan |
| UNIQUE ITEMS | |
| <i>These are scanned as a whole page; back pages are scanned if they contain writing or other information important to the document</i> | |
| Scrapbooks and Photo Albums up to 8½x11 | \$2.00 per page |
| Small books, diaries, etc. | \$1.00 per page |
| Old (heavy) photos (daguerotypes, tintypes, etc.) up to 8½x11 | \$3.00 each |
| Oversize items in this general category | \$2.00 per scan or photo |
| <i>These are scanned in sections and pieced together digitally or they are digitally photographed depending on the item.</i> | |

Notes:

Scans are done actual size at 300dpi for most work, and saved in both .JPG and .TIF (lossless) format. This will allow them to be satisfactorily printed at their same original size or larger.

Writing files to standard DVD media or a thumb flash drive is included. If client wants files written to archival gold DVD or CD media, that cost is \$4.00 per disc.

Printing is available at an extra charge; price depends on the paper chosen, and quantity of prints. See page two for standard printing prices on standard matte or glossy photo print paper.

Digital photo restoration is billed at \$30 per hour. I cannot give an estimate for digital photo restoration without seeing the actual photo.

STANDARD PHOTO PRINTING PRICE LIST

Standard photo printing is done on standard weight matte or gloss photo paper with a small white border all around the image.

| <u>SIZE</u> | <u>PRICE</u> |
|--------------|--------------|
| Wallets(4) | \$2.00 |
| 3.5x5 or 4x6 | \$2.00 |
